Dear Trader

I had the pleasure of a personal meeting and presentation with the entire staff compliment at AMarkets. I was thoroughly impressed with the levels of knowledge and skill in the organization, as well as the professionalism of the team. The managements' view and strategy on the market is forward thinking and progressive, and I have no doubt that AMarkets will soon become a powerhouse in the world of Forex trading.

A handwritten signature in dark ink, appearing to read "Ilan Azbel", written over a thin horizontal line.
